Informatica Upgrade Paths Overview. 2
All Supported Upgrade Paths for Big Data 10.2.1 Service Pack 1. 2
Big Data Management, Big Data Quality, and Big Data Streaming. 3
Enterprise Data Catalog. 3
Enterprise Data Lake. 3
Upgrade Documentation. 4

Informatica Upgrade Paths Overview

To upgrade the Informatica products, follow the upgrade paths that Informatica supports.

Before performing an upgrade, review the Informatica 10.2.1 SP1 Release Notes on the Informatica documentation portal at docs.informatica.com..

You can download Informatica 10.2.1 Service Pack 1 for the following products:

Big Data Management, Big Data Quality, and Big Data Streaming

Big Data Management server installations and 10.2.1 Service Pack 1 Command Line Utilities on Redhat Enterprise Linux and SUSE Linux Enterprise Server, and Informatica Developer client installation on Windows.

Big Data Quality and Big Data Streaming users can download and install the 10.2.1 Service Pack 1.

Enterprise Data Catalog

Enterprise Data Catalog Server installations on Redhat Enterprise Linux and SUSE Linux Enterprise Server.

Enterprise Data Lake

Enterprise Data Lake Server installations on Redhat Enterprise Linux and SUSE Linux Enterprise Server.

The service packs for Informatica Big Data Management, Enterprise Data Catalog, and Enterprise Data Lake are packaged separately. To get the service packs, contact Informatica Global Customer Support.

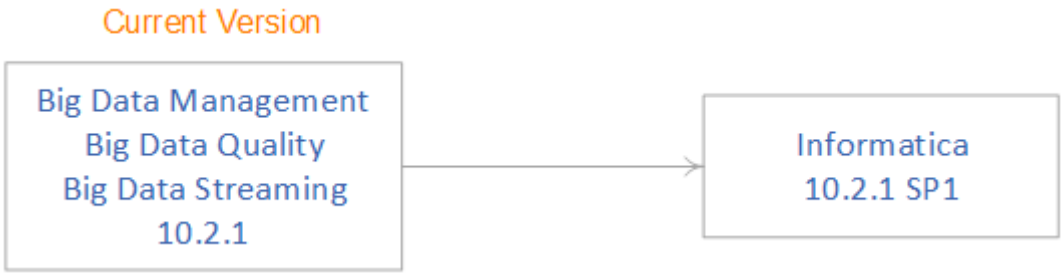

All Supported Upgrade Paths for Big Data 10.2.1 Service Pack 1

When you upgrade from a previous version to the latest version, follow the supported upgrade path to ensure a smooth and successful upgrade.

You can install 10.2.1 Service Pack 1 on Informatica 10.2.1. Download and install the service pack files for each Informatica big data product on your system. If your system includes more than one Informatica big data product, you must install the service packs in the correct sequence.

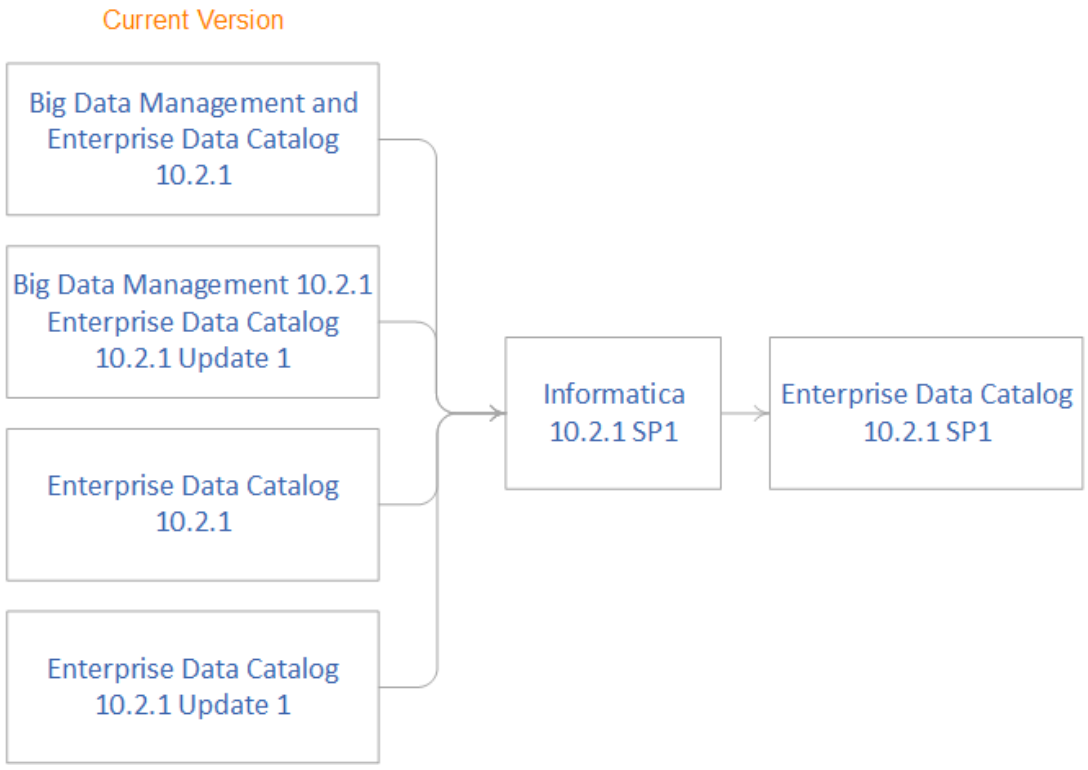

Big Data Management, Big Data Quality, and Big Data Streaming

The following image lists the sequence to apply the service pack for Big Data Management, Big Data Quality, and Big Data Streaming:

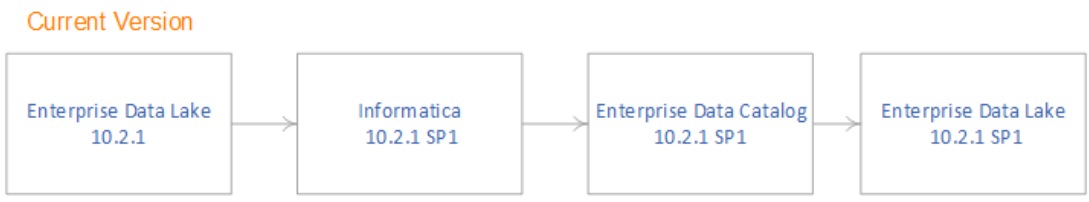

Enterprise Data Catalog

The following image lists the sequence to apply the service pack for Enterprise Data Catalog:

Enterprise Data Lake

The following image lists the sequence to apply the service pack for Enterprise Data Lake:
